Full Job Description

CUSTOM CULINARY

For more than half a century, we've focused on a single mission at Custom Culinary®: to create the finest-quality, most authentic bases, sauces and gravies for our foodservice and food processing customers. Developed by our culinary specialists to deliver made-from-scratch taste and inspired results in just minutes, our products bring exceptional aroma, flavor and consistency to all your signature dishes. True Taste begins with Custom Culinary®.CUSTOM CULINARY

Por más de medio siglo, en Custom Culinary® nos hemos concentrado en una sola misión: crear las bases, salsas y aderezos más auténticos y de mejor calidad para nuestros clientes de la industria alimentaria. Desarrollados por nuestros especialistas culinarios para ofrecer un sabor elaborado a partir de cero y resultados inspirados en cuestión de minutos, nuestros productos aportan un aroma, un sabor y una consistencia excepcionales a todos sus platos. El verdadero sabor comienza con Custom Culinary®.

1st shift Mixing Operator - **\$2500 SIGN ON** (Oswego, IL)

Purpose of the Position:

Responsible for mixing ingredients according to working instructions, mixing BOM within quality and safety standards.

Major Duties and responsibilities:

- Verify correct ingredients and correct amounts are staged for the batch run.
- Placing ingredients in mixer for processing.
- Check to see if re-work should be added to the batch and add accordingly.
- Follow BOM dump sequence.
- Set-up sifter for product discharge pulls if required, ensuring correct screen size and magnets are in place.
- Filling, weighing, labeling, and sealing product.
- Clean and wash mixers, screens, and magnets between batches or as specified.
- Dismantle and clean any accessories and equipment between batches.
- Collect samples for lab testing; run viscosity testing on a certain product.
- Remove trash and keep the area clean of clutter and standing water.
- Document activity on production report or RF (barcode system).
- Communicate any "out-of-norm" occurrences.
- Set-up staged and batched product.
- Observe safety rules and wear personal protective equipment.
- May manually pack/fill drums and/or pails as required.
- May operate a forklift as required.
- Reports any product quality deviations or mechanical failures.
- Cleans work area and equipment at end of the shift.
- Complete all BRC training defined and made available for the currently assigned role. Responsible for attending all training made available assuring full understanding of the training and ability to perform trained activities.
- Responsible for the coordination and review of specific functional area BRC criteria. Ensure BRC protocols are implemented and audited as required. Ensure Food products meet safety, quality and legal requirements

Education and/or Experience:

- High School Education/GED Preferred); one-year related experience or training and/or equivalent combination of education and experience.
- Communication Skills

It is essential to have excellent communication skills, verbal and written. Ability to read and follow written work instructions.

- Computer Skills

Perform limited data entry into manufacturing software system

- Mathematical Skills

Must have basic math skills to add, subtract, multiply, and divide.

- Reasoning Ability

Ability to apply common sense understanding to carry out simple one- or two-step instructions. Ability to deal with standardized situations with only occasional or no variables.

- Other Qualifications
